

# Hakkımızda

Firmamız 1912 yılında el halısı imalatı ile çalışmaya başlamıştır. Yüz yılı aşan deneyimi ile saf yeni yünden halı üretimi yapan ÖZKUL HALI, 1952 yılında Türkiye'nin ilk halı dokuma makinasını yurtdışından getirerek üretime devam etmiştir.

1960'lı yıllara kadar sadece ev halısı yapan ÖZKUL HALI, yavaş yavaş cami halısı yapmaya yönelmiştir. Şu anda sadece cami halısı imal eden firmamız, kaliteye yaptığı yatırımlar ile en çok tercih edilen markadır.

Türkiye'de saf yeni yünden üretilen cami halısında ilk defa Woolmark ve Wools Of New Zealand kalite belgelerine sahip olan ÖZKUL HALI, en kaliteli, en dayanıklı ve koku yapmayan yün halı olarak isim yapmıştır.

Yurtiçinde 50.000 civarında caminin halısını döşeyen ÖZKUL HALI, yurtdışında da yaklaşık 4.500 caminin halısını döşemiştir. "Ayinesi iştir kişinin lafa bakılmaz"
